Objectives

- This section approaches the myth of the American West through the frontier plays of the late nineteenth century. The aesthetics of melodrama are employed in these plays in an attempt to promote the mythical aspect of the west as a land of limitless opportunities concealing the excessive violence and discrimination that existed there.

Life on the Plains

Εικόνα 8

- "...There is progress everywhere, and the vanguard -- the pioneers of civilization -- are actuated and inspired by the principles which have made America free and glorious."

Harper's Weekly
January 11, 1868.

The Pilgrim and the Pioneer

- The love of religious freedom impelled the Pilgrims to settle the New England; the love of personal liberty leads the pioneer to embark on the boundless prairies of the West.

Εικόνα 9

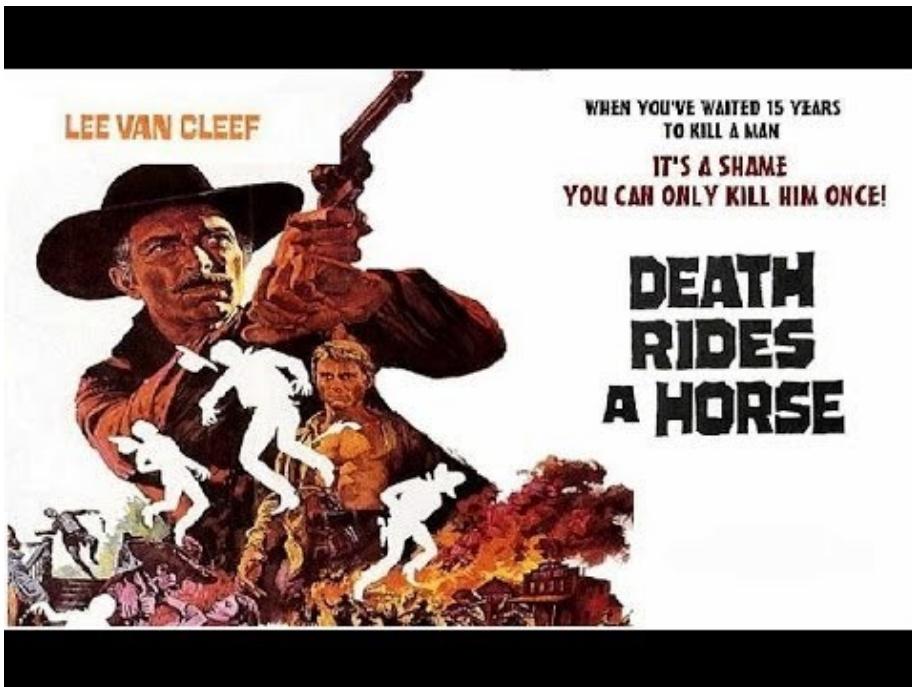

The myth of the American West

- Frederick Jackson Turner *"The Significance of the Frontier in American History"* (1893).
 - individualism, self-reliance, ingenuity and optimism
 - the pioneer/cowboy as an adventurer (stereotypes: good white vs. barbaric Indian)
 - develop their identity as a people (American frontier)
 - built a democratic civilization

Εικόνα 11

- <http://www.youtube.com/watch?v=fcnkv6ZVBCo>
(Dec. 28, 2006)
- In his shows the Indians were usually the "bad guys," attacking stagecoaches and wagon trains in order to be driven off by "heroic" cowboys and soldiers.

American Hollywood Western Films (1940s-1950s) (1/4)

Εικόνα 12

- Derive from the long tradition of Wild West literature that had dominated the mass taste of 19th-century America (Fenimore Cooper's *The Last of the Mohicans*).

American Hollywood Western Films (1940s-1950s) (2/4)

Εικόνα 13

- The life of a wanderer, a cowboy or a gunfighter fighting villains and bound to no fixed social structures.
- A society organized around codes of honor and personal justice (feud), rather than any rationalistic law.

American Hollywood Western Films (1940s-1950s) (3/4)

- Hard life of American frontier families.
- Conflict between natives and settlers.
- Specific settings: desolate landscape, isolated forts, ranches.
- Towns: saloon, general store, jailhouse, church, school.

Εικόνα 14

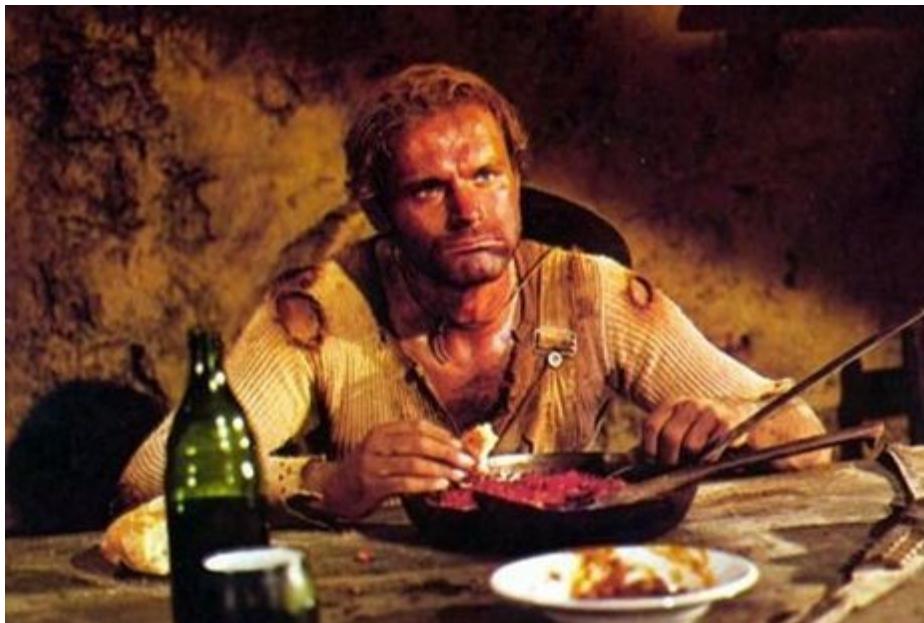

American Hollywood Western Films (1940s-1950s) (4/4)

Three sets of characters: the hero, the society, and the villains.

Spaghetti Western (1959 to the early 1970's)

Εικόνα 15

- Began as a parody of classic American Western movies, but they evolved into a respected movie genre.
- Filmed in Italy and based on stories of the American west.
- Violent and humorous.

Sergio Leone (1929-1989)

- European westerns vs. Hollywood westerns: 'dollars-trilogy': *A Fistful of Dollars* (1964), *For a Few Dollars More* (1965), and *The Good, the Bad and the Ugly* (1966): extremely violent and enjoyed great box-office success.
- A savage vision of the West.

Εικόνα 16

Disjunction between American mythology and the reality of America (1/2)

Εικόνα 17

- Images of the West as thrilling, violent, extreme, repulsive, and often ridiculous.
- A space beyond civilization where enrichment depended on one's skill with a gun and ability to deceive an opponent.

Disjunction between American mythology and the reality of America (2/2)

Εικόνα 18

- Murderous individualism vs. the rhetorical tropes of ‘civilisation’, ‘justice’ and ‘manifest destiny.’
- Convey no *universal* moral messages (as many Hollywood Westerns have claimed to), but rather remain ambivalent.
- The heroes are not intended to set an example.

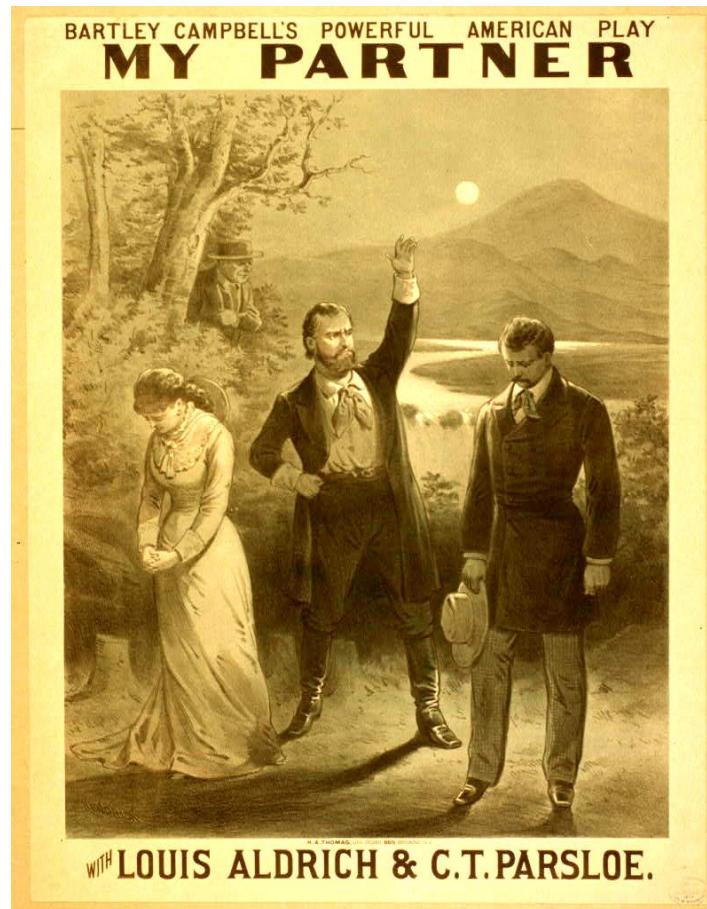

Sudden emergence of western plays in the 1870s

- Theorize the nation: contextualize its multicultural identity into a single unifying ideological construct.
- Reshape the nation's ideological profile after the Civil War: bring the West closer to the East through a civilizing process that revived the basic tenets of American democracy: equal rights, free labor, and prosperity.

Bartley Campbell's *My Partner* (1879)

Εικόνα 19

The West as the future of the nation (1/3)

- The West is textualized as “Paradise,” as another “Garden of Eden” reinforcing both the image of the romantic natural landscape and the dream of limitless possibilities and quick wealth.

The West as the future of the nation (2/3)

- A “blank page” where America could rewrite its grand narratives of republicanism and liberal individualism.
- A land of wild beauty and regenerative potential and its people as indomitable dreamers capable of admirable deeds.

The West as the future of the nation (3/3)

- Romanticize individual acquisitiveness and national imperialist policy.
- A rough country inhabited by people whom the “civilized” East regarded as beyond the fringes of respectable society.

Frontier plays (1/3)

- Resolve the fundamental dilemma regarding the nation’s expansive politics which, on the one hand, entailed the exploitation and “corruption” of the land, while, on the other, it was deemed necessary for the establishment and viability of organized society.

Frontier plays (2/3)

- Blur the stark reality of an exceedingly complex multicultural community fractured by the unrelenting forces of capitalist expansion and racial exclusion.

Frontier plays (3/3)

- Romanticized mining-camp culture.
- An abstract sense of social morality and individual honor as well as a primitive form of justice.
- The characters exhibit an obsessive adherence to eastern behavioral codes and conventions.
